

ASSET S

UTILITY HARNESS WITH STANDARD BUCKLES

HASB0017

The AssetS Utility Harness is a reliable solution for the trades person that carries out short periods of fall arrest work.

Weighing as little as 1100 grams, the AssetS is a full-body harness featuring a single rear attachment point and classic buckles on the legs and chest with durable non-slip polyester webbing construction for a secure fit.

Ideal for general construction, roofing and access work.
